

WNB-420

Advantages:

This machine is used in the loose-leaf binding including notebook, brochure and desk calendar etc. The most important is that it could bind all the normal type of coil without changing mold (size 1/4" 5/16" 3/8" 7/16" 1/2" 9/16" 5/8" 3/4" 7/8" 1" 1-1/8" 1-1/4") the machine improves the efficiency and reduces the cost by the way of combining material auto cutting, conveyor and binding together

Technical Data:

Machine model:	WNB-420
Working Speed:	800-1500 books/hour
Air Pressure:	5-8 Bar
Binding Size:	1/4" 5/16" 3/8" 7/16" 1/2" 9/16" 5/8" 3/4" 7/8" 1" 1-1/8" 1-1/4
Max Binding Length:	420mm
Power:	1PH 220V 50/60Hz
Main Machine Size:	1600x900x1260mm
Feeding reel:	680x500x1220mm
Conveyor:	2160x450x800mm
Machine Weight:	300kg
